In PE this half term, we will be focusing on Keeping fit and team games	In Computing we will be programming .

RE	
In RE, this half term we will be looking at features of religious buildings .	

Useful information

- Make sure you 'drop everything for ten' and support your child in reading at home for ten minutes every day. Please help your child record their reading in their reading diary. Reading diaries are checked daily.
- Times tables fluency is essential for children to learn. Your child should use Numbots on a regular basis to support their speedy recall of number bonds to twenty.
- Please complete the weekly homework. This includes a spelling sheet to be completed by Friday and a maths task to be practiced regularly. This half term will focus on learning number bonds to twenty.
- We will hopefully be taking a visit to our local church to look at the features of a church.
